THE FIRM

We are

DMG & PARTNERS

INDIPENDENT
TAX and CORPORATE
ADVISORS

Our story began in 2014 with a precise design: to integrate different skills and experiences by focusing them on specific areas of tax and financial activity. This multidisciplinary approach and the quality of the proposal have quickly established us at the top tax and corporate firms in Italy. We are DMG&P, the professionals who gave life to the Firm, feed and animate it. We are the sum and integration of our skills, the passion we put into everything we do and the values in which we recognize ourselves. We offer tax and corporate advice to the most important Italian and international corporate companies. We have become a point of reference in assisting clients in the tax and corporate M&A.

We work alongside Italian and foreign companies on cross-border projects, thanks also to the network of consolidated international relationships with important foreign firms.

We offer assistance to private clients in all phases related to the management of personal and corporate assets and generational transitions.
